This week, Governor Patrick made additions to the Commonwealth's Sustainable Development Principles, and changes to the Commonwealth Capital Program (ComCap).

ComCap encourages smart-growth development and preservation in participating cities and towns, and plays a key role in scoring applications for a wide variety of the state's discretionary funding programs.

Assistant Secretary Bialecki will be able to shed light on the Administration policies affecting economic development, housing, and open space. Please join us to hear his remarks, and engage in conversation.

Also at the annual meeting:

Legislator of the Year Award:

Representative Rachel Kaprielian (D-Watertown)
